RECEIVED

NOV 12 2003

DIV. OF OIL, GAS & MINING

Dear Mr. Crapo:

On September 9, 2003, a surface compliance inspection was conducted at the site of your notice to mine geodes in Juab County. The acreage of the disturbed area was determined by Global Positioning System data, and was found to be 6.4 acres. This exceeds the five acres allowed under a notice.

Within 30 days of receipt of this letter, you must do one of the following:

1. Perform reclamation of the site and decrease the disturbed acreage to less than five. Within 60 days of completion of reclamation, a financial guarantee for the remaining reclamation must be submitted to the Utah State Office of the BLM.
- or,
2. Submit a Plan of Operations and an interim financial guarantee for reclamation, the amount of which must be approved by both the Utah Division of Oil Gas and Mining and the BLM.

If you have any questions, please feel free to contact Sheri Wysong at (435) 743-3124.

Sincerely,

Rex Rowley
Field Office Manager
